

Alternative testing resources

The following laboratories also provide genetic testing in the form of next-generation sequencing (NGS) panels. This is not an exhaustive list of the NGS panels provided.

Lab	Genetic Test	ID Code	Number of Genes	Genetic Counseling
ARUP Laboratories 800-242-2787 ltd.aruplab.com	Hereditary hemolytic anemia panel	7450867	26 genes	No
Cincinnati Children's 513-636-4474 testmenu.com/cincinnatichildrens	Hemolytic anemia gene sequencing panel	2012052	28 genes	No
Children's Hospital of Philadelphia 215-590-1000 testmenu.com/chop	Inherited RBC disorder panel	RBCDP	52 genes	No
Mayo Clinic Laboratories 800-533-1710 mayocliniclabs.com	Hereditary hemolytic anemia comprehensive panel	NGHHA	39 genes	No
